Why bpz?

Today's modern and successful construction companies use several media channels to obtain information, plan decisions and reach their stakeholders. bpz has taken on board these demands with the expansion of all channel branding and a focus on the practices of construction companies and suppliers. As a result, advertising is effective and the cross-channel branding acts as an ideal platform to employ a considerable range of marketing communications – whether product or image advertising, campaigns or a long term media presence. Using a variety of tried and tested and new marketing channels bpz transforms them into company specific and relevant corporate communications.

Specifications for print documents:

Document Formats:

- PDF (PDF/X-4 standard compliant), with embedded fonts and images,
 - TIFF/JPEG (min. compression/max. quality)
- NB please do not send markers, document info tags, alpha channels, OPI or LZW image compression.

Image Resolution:

- half tone images with at least 300 dpi
- line drawings with at least 600 dpi

Colours:

- CMYK (ISOcoated, www.eci.org) or
- grayscale (dot gain 15 %).

Please send us an exact position printed copy. We are unable to accept print materials with special colours.

Trim:

Please allow a 3 mm bleed margin on all sides for bleed ads. Please make sure that all element which pass over the edge, also have to be inserted in the additional bleed margin. Elements which should not be cropped, must have a distance of 5mm to format edge of the visible size. Please note, that where this has not been provided, we do not take responsibility for the accuracy of the printed ad.

Use your digital possibilities!

bpzdigital:

Here your ads have even greater impact

Your ads can have greater impact in this field ...
... in the e-paper bpzdigital

At no additional costs, we will integrate up to three links in your ads for the interactive e-paper issues. Links to your website – if present in your ad – will be automatically integrated.

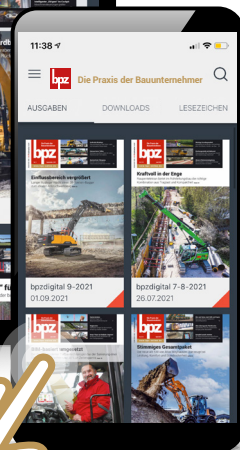

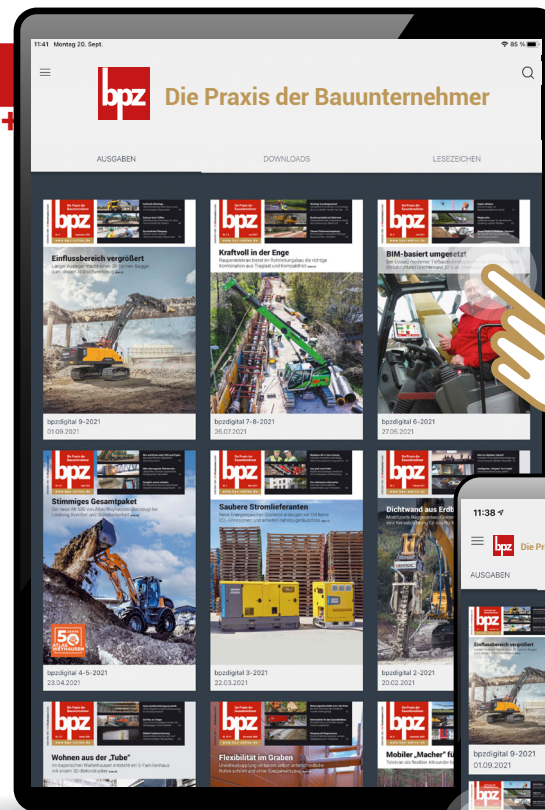

The other possible links could be:

- Additional information on companies, products, white papers, data sheets, etc.
- Videos showing the use of your machines, equipment and/or vehicles, etc.
- Audio files
- Notes on company events (invitations, registrations, etc.)

Please feel free to contact us about the opportunities.

Marcella Bellmann

Informative Interactive Up-to-date

With its presence in the internet the bpz website responds to users' wishes for clearly structured information and thus offers you the chance to have a web presence which can be deployed to greatest effect across a variety of media.

Use the opportunity to present your company and its products in a target oriented way and speak with us about our attractive print / online packages.

The "added value" for the user is the perfect opportunity for you to promote your business.

The screenshot shows the bpz website interface. At the top, there's a navigation bar with the bpz logo and a search bar. Below that, there are several news articles with images and titles. For example, one article is titled 'Tiefverhandlungen ohne Ergebnis vertagt' and another is 'Abschied zur rechten Zeit'. There are also advertisements for construction equipment, such as a 'Kompaktmodell mit nur 110 cm Breite' and 'Pariser Würfel im neuen Kleid'. The page is framed by vertical bars on the sides that say 'space for your advertisement'. At the bottom, there's a footer with the text '© 2023 bpz - Die Praxis der Bauunternehmer'.

The following terms and conditions are binding without exception for the acceptance and publication of all adverts. In concluding the first contract, B2B Fachmedien GmbH and the customer agree to the terms and conditions being used as the basis for all future contracts. Any terms and conditions of the customer's which deviate from ours, will not form part of the contract in any way. Our offer is non-binding. The contract commences with a written confirmation being issued by B2B Fachmedien GmbH.

1 Prices, Discounts and Payment Terms

1. Prices: The prices for placing an advert are charged at the most current rates.
2. Discounts: The discounts advertised in the rate card are only available to advertisers.
3. Payment terms: Invoices are to be paid according to the terms of payment according to the relevant price list. The payment terms commence with receipt of the invoice. The invoice must be paid in full (free of charge or other costs) into the B2B Fachmedien GmbH bank account as detailed in the invoice. The client will be required to cover the costs of reminders or collection for late payment. If a payment instalment in a long term contract is late, B2B Fachmedien GmbH will delay publishing the remaining adverts until payment in advance for all outstanding adverts is received. B2B Fachmedien GmbH has the right to make corrections to incorrect invoices up to six months after the invoice has been issued. VAT will be added to prices at the appropriate rate on the day the invoice is issued.

2 Handling Contracts

1. Orders for placing adverts will be accepted in writing or by email. B2B Fachmedien GmbH does not take responsibility for any mistakes arising from orders or changes to orders placed by phone.
2. Declining orders: B2B Fachmedien GmbH retains the right to decline advert orders at its own discretion, for example if the advert content breaches the law or operational guidelines by the authorities, or was queried by the German Advertising Standards Board in a complaints procedure, and the publishing of which would be unacceptable for B2B Fachmedien GmbH because of its content, origin or technical form, or because it contains unauthorised material from third parties. B2B Fachmedien GmbH shall inform the client of the rejection immediately after becoming aware of the relevant contents.
3. Copy deadline: The advertising deadlines detailed in the rate card are not binding for B2B Fachmedien GmbH. B2B Fachmedien GmbH has the right to change the advertising deadline dates at short notice in accordance with the production process.
4. Cancelling contracts / force majeure: Advertising contracts can only be cancelled in writing, by fax or by email. Cancellations received after the advertising deadline will not be accepted and the client will be required to pay for the advert. Otherwise B2B Fachmedien GmbH will demand in accordance with the law payment of any costs which have arisen up to the time of the cancellation. In cases of force majeure or labour disputes for which B2B Fachmedien GmbH has no responsibility, B2B Fachmedien GmbH shall be released from its obligation to fulfil orders and claims for compensation shall not be accepted.
5. Placing adverts: B2B Fachmedien GmbH can not offer any guarantees for the placing of ads in particular issues or in particular places.
6. The editorial topic schedule: The editorial team reserves the right to make changes to the topic schedule in response to ongoing events.
7. Supplying copy, the advertising deadlines can be found in the B2B Fachmedien GmbH media information. The customer is responsible for supplying error-free copy in good time. If this does not happen, B2B Fachmedien GmbH can not take responsibility for the accuracy of the advert. B2B Fachmedien GmbH guarantees the usual quality for the booked issue according to the scope of the supplied copy. If the customer has not followed the recommendations of B2B Fachmedien GmbH on the design and submission of copy, he has no right to make any claims as to poor quality publication of the advert. The copy will only be returned to the customer if specifically requested. The obligation to retain the copy material comes to an end six weeks after the advert has been published.

8. Text adverts: The design and labelling of text adverts should be agreed with B2B Fachmedien GmbH well before publication. All text adverts should be labelled "Advert".
9. Responsibility for the advert content: The client is responsible for the content and the legitimacy of the advert. The client will indemnify B2B Fachmedien GmbH against all third party claims with regard to publication of the advert. B2B Fachmedien GmbH is not responsible for checking whether an advertising contract is in breach of any third party rights. If B2B Fachmedien GmbH is compelled, e.g. due to a legal injunction, to publish a right of reply in response to an advert, the client will be liable for the costs incurred in line with the costs detailed in the rate card.
10. Costs of data formatting: The client is responsible for the costs of creating digital adverts or making changes to existing adverts.
11. Advertising agencies are responsible for basing their quotations, contracts and invoices to clients on the B2B Fachmedien GmbH rate card. The commission paid by B2B Fachmedien GmbH is calculated on the basis of the net price, i.e. after deductions for discounts, boni and any reductions for facts. Commission will only be paid to advertising agencies recognised by B2B Fachmedien GmbH. Advert bookings placed by advertising agencies should be made in their name and will be invoiced. The commission must not be passed on to the client, either fully or in part.
12. Storage of client data: B2B Fachmedien GmbH shall store client data electronically in accordance with German Data Protection Law.

3 Service provision, liability

1. Service provision: The client must lodge a complaint within four weeks, at the latest, of receiving the invoice and proof. A claim for remedial action is not possible if B2B Fachmedien GmbH considers the costs to be too high. If B2B Fachmedien GmbH does not, within an appropriate timeframe, fulfil its obligations, rejects the claim, or considers it impossible to accept the claim, or if supplementary provision fails, the customer has the right to reduce the payment by an appropriate amount in line with the detrimental effect of the advert. Claims for performance from traders as clients become invalid 12 months after the corresponding advert has been published.
2. Liability B2B Fachmedien GmbH shall not be liable in respect of claims for damages by the client irrespective of the legal grounds, in particular, because of delay, violation of contractual obligations, violation of the industrial property rights of third parties and unlawful acts, unless B2B Fachmedien GmbH, its representatives and vicarious agents have acted wilfully or with gross negligence or have violated a contractual obligation through simple negligence which is material for the fulfilment of the contractual purpose or if the claims for damages derive from a quality warranty. In cases where B2B Fachmedien GmbH is liable, the claim for compensation will be limited to the net price of the advert. This limit is not valid for cases of intent or gross negligence or where the claim infringes the German Product Liability Act. All claims for compensation against B2B Fachmedien GmbH elapse 12 months after the point at which the client became aware of or should have become aware of the circumstances of the claim.

4 Place of performance, jurisdiction, applicable law

1. The place of performance is B2B Fachmedien GmbH's registered address in Guntersblum.
2. The jurisdiction for legal proceedings against businessmen, legal persons under public law or public law special assets is B2B Fachmedien GmbH's registered address.
3. German law is applicable.
